

the FR G-1 and FR G-4 is given confidential treatment under the Freedom of Information Act (5 U.S.C. §§ 552(b)(4)). The FR G-2 does not contain confidential information. The FR G-3, FR T-4, and FR U-1 are not submitted to the Federal Reserve and, as such, no issue of confidentiality arises.

Abstract: The Securities Exchange Act of 1934 authorizes the Board to regulate securities credit issued by banks, brokers and dealers, and other lenders. The purpose statements, FR U-1, FR T-4, and FR G-3, are recordkeeping requirements for banks, brokers and dealers, and other lenders, respectively, to document the purpose of their loans secured by margin stock. Other lenders also must register and deregister with the Federal Reserve using the FR G-1 and FR G-2, respectively, and must file an annual report (FR G-4). The Federal Reserve uses the data to identify lenders subject to Regulation U, to verify compliance with Regulations T, U, and X, and to monitor margin credit.

Separate poverty guideline figures for Alaska and Hawaii reflect Office of Economic Opportunity administrative practice beginning in the 1966-1970 period. Note that the Census Bureau poverty thresholds—the version of the poverty measure used for statistical purposes—have never had separate figures for Alaska and Hawaii. The poverty guidelines are not defined for Puerto Rico, the U.S. Virgin Islands, American Samoa, Guam, the Republic of the Marshall Islands, the Federated States of Micronesia, the Commonwealth of the Northern Mariana Islands, and Palau. In cases in which a Federal program using the poverty guidelines serves any of those jurisdictions, the Federal office that administers the program is responsible for deciding whether to use the contiguous-states-and-D.C. guidelines for those jurisdictions or to follow some other procedure.

The preceding figures are the 2005 update of the poverty guidelines required by section 673(2) of the Omnibus Budget Reconciliation Act (OBRA) of 1981 (Pub. L. 97-35—reauthorized by Pub. L. 105-285, Section 201 (1998)). As required by law, this update reflects last year's change in the Consumer Price Index (CPI-U); it was done using the same procedure used in previous years. (The poverty guidelines are calculated each year from the latest published Census Bureau poverty thresholds—not from the previous year's guidelines. Besides the inflation adjustment, the guidelines are also rounded and adjusted to standardize the differences between family sizes.)

Section 673(2) of OBRA-1981 (42 U.S.C. 9902(2)) requires the use of these poverty guidelines as an eligibility criterion for the Community Services Block Grant program. The poverty guidelines are also used as an eligibility criterion by a number of other Federal programs (both HHS and non-HHS). Due to confusing legislative language dating back to 1972, the poverty guidelines have sometimes been mistakenly referred to as the "OMB" (Office of Management and Budget) poverty guidelines or poverty line. In fact, OMB has never issued the guidelines; the guidelines are issued each year by the Department of Health and Human Services. The poverty guidelines may be formally referenced as "the poverty guidelines updated periodically in the **Federal Register** by the U.S. Department of Health and Human Services under the authority of 42 U.S.C. 9902(2)."

The poverty guidelines are a simplified version of the poverty thresholds that the Census Bureau uses for statistical purposes—to prepare its estimates of the number of persons and

families in poverty. The poverty guidelines issued by the Department of Health and Human Services are used for administrative purposes—for instance, for determining whether a person or family is financially eligible for assistance or services under a particular Federal program. Since the poverty guidelines in this notice—the 2005 guidelines—reflect price changes through calendar year 2004, they are approximately equal to the poverty thresholds for calendar year 2004 which the Census Bureau expects to issue in August 2005. (A preliminary version of the 2004 thresholds is now available from the Census Bureau.)

In certain cases, as noted in the relevant authorizing legislation or program regulations, a program uses the poverty guidelines as only one of several eligibility criteria, or uses a percentage multiple of the guidelines (for example, 125 percent or 185 percent of the guidelines). Non-Federal organizations that use the poverty guidelines under their own authority in non-Federally-funded activities can choose to use a percentage multiple of the guidelines such as 125 percent or 185 percent.

In some cases, these poverty guidelines may not become effective for a particular program until a regulation or notice specifically applying to the program in question has been issued.

The poverty guidelines given above should be used for both farm and non-farm families. Similarly, these guidelines should be used for both aged and non-aged units. The poverty guidelines have never had an aged/non-aged distinction; only the Census Bureau poverty thresholds have separate figures for aged and non-aged one-person and two-person units.

Note that this notice no longer provides definitions of "income," "family," "unrelated individual," and "household." This is because there are no universal administrative definitions of these terms that are valid for all programs that use the poverty guidelines. Since the definitions previously included were illustrative only and were not meant to be binding, it was decided to omit them. To find out whether income is before taxes or after taxes, or whether a particular type of income should be counted in determining eligibility for a specific program, or for what time period income should be counted, or what precise definition of "family" or "household" is used by a particular program, or whether a particular person should be counted in determining income eligibility, please consult the office or organization administering the

program in question; that office or organization has the responsibility for making decisions about such definitions (to the extent that the definition is not already contained in legislation or regulations).

Dated: February 14, 2005.

Michael O. Leavitt,

Secretary of Health and Human Services.

AGENCY: Centers for Medicare and Medicaid Services.

In compliance with the requirement of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, the Centers for Medicare and Medicaid Services (CMS), Department of Health and Human Services, is publishing the following summary of proposed collections for public comment. Interested persons are invited to send comments regarding this burden estimate or any other aspect of this collection of information, including any of the following subjects: (1) The necessity and utility of the proposed information collection for the proper performance of the agency's functions; (2) the accuracy of the estimated burden; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

We are, however, requesting an emergency review of the information collections referenced below. In compliance with the requirement of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, we have submitted to the Office of Management and Budget (OMB) the following requirements for emergency review. We are requesting an emergency review because the collection of this information is needed before the expiration of the normal time limits under OMB's regulations at 5 CFR part 1320. The project requires the Secretary to establish a pay-for-performance 3-year pilot with physicians to promote the adoption and use of health information technology to improve the quality of patient care for chronically ill Medicare patients. The mandate specifies that rewards shall be based on the electronic reporting of clinical quality and outcomes measures in accordance with requirements established by the Secretary under the demonstration program.

CMS is requesting OMB review and approval of this collection by April 1, 2005, with a 180-day approval period. Written comments and recommendation will be considered from the public if received by the individuals designated below by March 18, 2005.
